FEEL THE HEAT

Tuesday Nights Hot Glass Demonstrations

Beginning in July our studio will be open to visitors every Tuesday from 5pm – 8pm.

This summer Spiro Lyon Glass wants to welcome you to visit their studio for **FREE DEMONSTRATIONS** of the many uses of hot glass. Exciting evenings for the whole family!

HOT CAST GLASS Demonstrations: 1st and 3rd Tuesdays

We will be pouring 2300F molten glass demonstrating our unique hot glass casting technique. By using hand carved molds we are able to create architectural elements, walls, doors, furniture, intricate sculptural forms, and much more. Come and see us spin hot glass using centrifugal force as we make one of a kind bowls and glass sinks!

July 7th, July 21st, August 4th, and August 18th

GLASSBLOWING Demonstrations: 2nd and 4th Tuesdays

Local glassblowers Dylan Balderson, Garth Gilner, Spencer Crouch, and Kelly Grant Purvis, will gather throughout the summer to demonstrate the skill of hot glass blowing showing the many ways to create glasses, vases, and lighting elements. Master glassblower Jared Davis and Nicole Davis will come from Crawford, Colorado to demonstrate on July 14 and August 11.

July 14th, July 28th, August 11th and August 25th

PLAY WITH FIRE

Introduction to GLASSBLOWING Workshops: Four opportunities throughout the Summer.

Come play with fire. This workshop allows students the opportunity to try glassblowing without a big commitment to time. Start with basic gathering of hot glass and the use of tools. Move towards creating a paperweight and blown cups. Tuition \$250.

ONCE YOU SEE GLASSBLOWING IN ACTION YOU MAY WANT TO GIVE IT A SPIN YOURSELF! **NO EXPERIENCE NECESSARY!**

Tuesday, July 14	{9am-1pm}	Instructors: Jared and Nicole Davis
